

The Health, Science, and Technology Section Article Award

is presented to

Stefan Pohl-Valero

In recognition of his article, “La Raza Entra por la Boca: Energy, Diet, and Eugenics in Colombia, 1890-1940,” (Hispanic American Historical Review), which offers new perspectives on the social engineering strategies of physicians, lawyers, and state officers to better Colombia’s human capital.

Raul Necochea

Raul Necochea, Ph.D.
